CAMPAIGN FUND YARN IS DENIED

Deputy Sheriff Rose Says That
Police Are Not Being Used
in Politics.

The story published last Saturday to the effect that the police station is being used as the political headquarters of certain men under Sheriff Jarrett turns out upon full investigation to be tommyrot. There is nothing in it and there is nothing to justify it. It is a weird fable based upon an innocent and insignificant incident.

The fable published in an afternoon paper was that during the month of November Dan Kamahu tried to hold up six policemen and asked them to do something for their chief. It was carefully intimated, and very carefully not stated, that Kamahu, acting for Jarrett, had tried to make the police contribute \$2.50 apiece toward a fund for securing the reelection of Sheriff Jarrett. One of the policemen, whose name—if he ever had one—was very carefully suppressed, was quoted as saying that, even if the sheriff were to remove him, he would not contribute to multiply the campaign funds. The virtuous policeman was further quoted as saying that neither the sheriff nor anyone else connected with the police department "should use this policeman's best as a political bait."

The latter sentiment, of course, is to be applauded as heartily as are the words of the hero of the melodrama when he exclaims, amid terrific cheers, "No one shall stick a pin in mother's wooden leg." But that does not mean that there is any truth in the story published, beyond the fact that Dan Kamahu, as a Democrat who is entitled to his own opinions, however wrong, has been taking steps toward raising a campaign fund.

Deputy Sheriff Charles Rose tells the following about the matter: "Several weeks ago," says the deputy sheriff, "Dan Kamahu came to me and wanted to know if he could use a room in the police station for the purpose of holding a meeting of Democratic members of the force to talk over campaign matters and make arrangements for the raising of a campaign fund. I told him he certainly could not, that the police station was not to be used in any way for political purposes, and that, while neither the sheriff nor myself had anything to say about the politics of the individual members of the force, we did not intend to allow the police to be mixed up in any way with politics. I advised him that if any of the Democrats wanted to hold a meeting, it would be the best thing for him to go to Charlie McCarthy and get the use of the Democratic headquarters. I told him that if any of them wanted to contribute to a campaign fund, that was their privilege, but that no member of the force must be forced or urged to contribute. "Kamahu took my advice and the meeting was held in the Democratic headquarters. Just what they agreed upon as to what the individual Democrats should contribute I don't know, for I was hurt in an accident about that time and was kept at home. But I do know that neither sheriff Jarrett nor myself has anything to do with it, and I know that no member of the police force is being forced to contribute anything toward the fund, nor is any effort being made to force any of them to contribute. The sheriff and myself will not under any circumstances allow such a thing to be done. If any of the boys want to contribute, that is their business, not mine. But they are not to contribute as policemen. We have absolutely nothing to do with it. "I do know that under a former administration the police were used in politics, but we don't propose to have anything of that kind during this administration."

Dan Kamahu also absolutely denies the truth of the story. "There is nothing in it," he says.

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us
Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

James C. L. Armstrong, Nuuanu Valley, Honolulu, Hawaii, says: "I was a sufferer from kidney trouble for three years and Doan's Backache Kidney Pills completely cured me. I have had no return of the complaint during the past year. I can not recommend this remedy too highly."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands. Remember the name, Doan's, and take no substitute.

Going East!

If you watch the development and improvements going on, you will find that the city is building east toward Kaimuki. We make this statement intending no reflection on the other parts of the city. Our policy is not to sell property upon the demerits of other districts, but to sell Kaimuki property upon its own merits, and when we call your attention from time to time to conditions in other parts of the city, we simply do so in order to assist us in pointing out more clearly the true conditions as they exist in the beautiful Kaimuki district.

We sincerely believe Kaimuki to be the coming residential district of Greater Honolulu, and the person who buys a lot in Kaimuki today at the prevailing prices, regardless of whether purchased from us or not, will be making a safe and profitable investment, as well as secure a splendid homesite.

Honolulu Is Building Toward the East

Kaimuki, in fact, is Honolulu's east, and just as sure as the sun rises in the east over Koko Head, so sure will Kaimuki rise to be the best and select residential district in the city, with her property selling at \$2,000.00 and \$3,000.00 per lot.

Being an oblong shape and running parallel with the beach on one side and the Koolau Mountains on the other, it is absolutely certain that the city can never spread out on the north or the south, and that its extension must necessarily be either east or west. On the west we find the oriental quarters and the lower levels that will always prove objectionable for home-building, while on the east we find everything favorable for residential extension. The farther east you go toward the higher levels around Diamond Head, the cooler you find it and the better you like it. Kaimuki is generally recognized by all to be the most delightful and desirable residential district in the city, with its beautiful location between Diamond Head and the Waimanalo Mountains, its high elevation so near the sea, and its open, dry, cool, and healthful condition.

BUY A LOT IN THE NEW OCEAN VIEW DISTRICT

Put your deed aside and wait until the development of the city, which is absolutely assured, increases its value to \$2000 or more per lot. Remember we are selling lots today in Kaimuki cheaper than the property was sold for ten years ago, when Honolulu had practically no future compared with what she is assured today. The most profitable way to buy property is to buy in the right district at the right time. Now is the accepted time.

Our prices, \$500.00 for corner lots and \$400.00 for inside lots, size 75ft. by 150ft., with our liberal installment terms, are an exceptional opportunity for every one to make a good, safe investment and secure a splendid ocean view homesite.
